LIFE IN THE FIELD
The Center

• The center abuts the ancient ruins of Angkor Wat, Kulen National Park, and Tonle Sap Lake.
• Known as the rice bowl of Asia, the Mekong River basin is the 2nd most diverse river in the world with over 1,200 fish species (560 of which are endemic), Irrawaddy dolphins, and giant freshwater stingrays.
• Unfortunately, over 300 of these vertebrate species are already globally threatened. Proposed plans for hydroelectric dams could put additional pressure on the environment and lead to food insecurity for the tens of millions of people who rely on this river.
• Cambodia is home to Asian elephants, sun bears, Irrawaddy dolphins, pileated gibbons, and numerous birds and fish.

Thailand (Summer 1)

• The Bring the Elephant Home project is located in the small village of Ruam Thai near Kuiburi National Park.
• The border between Thailand and Myanmar houses one of the largest remaining populations of Asian elephants. However, due to illegal logging, expanding farmland, and frequent forest fires these elephants are being forced to move into urban areas in search of food and water. This has led to increasing human-wildlife conflict and necessitates innovative solutions that work for both the local communities and the dwindling wild elephant populations.
• Thailand is home to Asian elephants, guar, banteng, and an abundance of bird species.

Academic Foci

Cambodia

- The center abuts the ancient ruins of Angkor Wat, Kulen National Park, and Tonle Sap Lake.
- Known as the rice bowl of Asia, the Mekong River basin is the 2nd most diverse river in the world with over 1,200 fish species (560 of which are endemic), Irrawaddy dolphins, and giant freshwater stingrays.
- Unfortunately, over 300 of these vertebrate species are already globally threatened. Proposed plans for hydroelectric dams could put additional pressure on the environment and lead to food insecurity for the tens of millions of people who rely on this river.
- Cambodia is home to Asian elephants, sun bears, Irrawaddy dolphins, pileated gibbons, and numerous birds and fish.

Thailand (Summer 1)

- The Bring the Elephant Home project is located in the small village of Ruam Thai near Kuiburi National Park.
- The border between Thailand and Myanmar houses one of the largest remaining populations of Asian elephants. However, due to illegal logging, expanding farmland, and frequent forest fires these elephants are being forced to move into urban areas in search of food and water. This has led to increasing human-wildlife conflict and necessitates innovative solutions that work for both the local communities and the dwindling wild elephant populations.
- Thailand is home to Asian elephants, guar, banteng, and an abundance of bird species.

SEMESTER:
ENVIRONMENTAL JUSTICE AND MEKONG ECOLOGIES

SUMMER 1:
ELEPHANTS OF SOUTHEAST ASIA

Each program combines theory learned in the classroom alongside field-based applications. Time in the classroom is structured to give students a solid understanding of environmental history, theory, and conservation techniques before deploying their knowledge or specific techniques in the field.
### Setting and Facilities

#### Cambodia

The center lies in a bustling tourist city. The Elephant Valley Project (EVP) is located in small, scenic town.

<table>
<thead>
<tr>
<th>SIEM REAP</th>
<th>SEN MONOROM</th>
<th>PHENOM PENH</th>
</tr>
</thead>
<tbody>
<tr>
<td>20-minute walk from center.</td>
<td>Local town for EVP.</td>
<td>5.5-hour drive from center</td>
</tr>
<tr>
<td>Population ~140,000</td>
<td>Population ~13,000</td>
<td>Population ~2,300,000</td>
</tr>
<tr>
<td>Home to Angkor Wat. Doctors, pharmacies, libraries, hotels, restaurants, post office, markets, and lively nightlife scene.</td>
<td>Restaurants, cafes, hotels, and local clinic.</td>
<td>Capital city and largest city in Cambodia. Same amenities as Siem Reap but on a grander scale.</td>
</tr>
</tbody>
</table>

#### CENTER: HOUSING

<table>
<thead>
<tr>
<th>CENTER: HOUSING</th>
<th>CENTER: OTHER FACILITIES</th>
</tr>
</thead>
<tbody>
<tr>
<td>Five rooms, 2–4 people per room in twin bunk beds. Shared desk and shelving. Air conditioning in each room. En-suite bathroom with shower (cold water) and western-style toilets.</td>
<td>Common room with TV, couches, and games. Two washing machines (detergent provided). Two dryers, but clotheslines requested as weather permits.</td>
</tr>
</tbody>
</table>

#### EVP: HOUSING

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td>One room, 2 people per room in twin beds. Shared storage areas. May have private or shared bathroom with showers (may have cold or hot water) and western-style toilets.</td>
</tr>
</tbody>
</table>
**Food**

SFS can accommodate most dietary needs, but the variety of food may be limited due to local availability and cost. SFS cannot accommodate life-threatening shrimp, fish, peanut, and soy allergies or strict Halal or Kosher diets. SFS always recommends bringing vitamins, protein bars, nuts, favorite snacks, etc.

**Cambodia**
Meals may include stews, curries, soups, stir-fries, omelets, and pasta. Fish, shrimp, ginger, and lemongrass are common ingredients. Snacks may include coffee, smoothies, fruits, nuts, toast, granola bars, and cookies.

**Thailand (Summer 1)**
Meals are predominately vegetarian and often include rice, rice noodles, tofu, and pineapple. Snacks may include fruits, nut bars, and other local treats.

**Exercise**

**Cambodia**
The center has basic weights, yoga mats, and jump ropes. Students can join a gym in town for ~$50 USD per month. At the Elephant Valley Project, there are only yoga mats available.

**Thailand (Summer 1)**
There are paths nearby for walking or running with a buddy.

**Climate**

The wet season runs from May to November. Days are hot with daily rainstorms. Average temperatures during the wet season range from 75-94°F. The dry season runs from December to April. Average temperatures during the dry season range from 71-95°F, but temperatures often soar over 100°F.

**Money**

The local currency is the Cambodian Riel (KHR) and U.S. Dollar (USD). Summer 1 students will also use Thai Bhat (THB).

Cambodia and Thailand (Summer 1) are primarily cash-based economies. However, all students are required to bring a credit/debit card with at least $3,000 in funds in case of emergencies. Mastercard and Visa are the most commonly accepted cards internationally. Notify banks about international travel.

Students need to bring at least $300 USD in small bills ($1-$50 bills) to start. Students do not need to obtain KHR. Staff will assist Summer 1 students in exchanging USD for THB. When bringing USD to exchange, travel with bills in excellent condition (clean, unwrinkled, unmarked, with no tears). Students will have access to ATMs to replenish their cash supply in Siem Reap and Bangkok (Summer 1).
Electrical voltage in Cambodia is 230 and in Thailand (Summer 1) is 220 (the U.S. uses 120). Check all electrical devices to see a voltage converter is needed. Cambodia uses plug types A, C, and G, and Thailand (Summer 1) uses types C and O (the U.S. uses A and B). All students should bring plug adaptors.

**Internet**

Wireless internet is available at the Cambodia center and some of the Thai homestays/guest houses, but it is slow and intermittent. No WiFi is available at the Elephant Valley Project. SFS reserves the right to limit internet activities occurring on our servers including, but not limited to, streaming or downloading audio/video content (Facetime, Netflix, etc.).

**Computers**

Students need to bring laptops with Microsoft Office (or the ability to open Microsoft files offline) and a USB port. Electronic devices are subjected to a much harsher environment than normal. In particular, Apple products do not fare well in high humidity and are more difficult to repair or replace locally. Please take precautions to protect all device.

**Phones**

**Cambodia**

Students will be given a local cell phone with $5 USD worth of credit per month. Students should only rely on WiFi to make international phone calls.

**Thailand (Summer 1)**

SIM cards and phone plans are available for purchase at the airport ($10-15 USD), and most areas will have phone signal.

**Mail**

No packages can be sent to the center. Letters can be sent, but the Cambodian postal system is slow and unreliable. The average one-way travel time for air mail from the U.S. to Cambodia is 10-14 days. Therefore, no mail can be sent the last two weeks of the Semester programs or during the entirety of the Summer 1 program, as students will not receive it! Mail will not be forwarded.

Address: Student name, Student’s local phone number, The School for Field Studies, P.O. Box 93284, Siem Reap Post Office, Siem Reap, Cambodia, 17000
Community Engagement

Students live at a field station, rather than a homestay, local apartment, or university dorm. This means they will not necessarily navigate the local culture, cuisine, or language every day. However, SFS believes that meaningful research is only possible with the input of local people, so community engagement varies each term to reflect the requests of our partners.

Chores

There is no cleaning service at the center, so students are expected to take responsibility for their space. Students will help set up/clean up for meals and engage in center-wide clean-ups. Specific chore responsibilities will be shared during orientation.

Off-Campus Policies

Because center locations are often unfamiliar to students, there are off-campus policies in place to keep students safe including nightly curfew, sign-out logs, and a buddy system. Specific campus policies will be shared during orientation.

Time-off

Semester students will be given occasional weekends off and a mid-semester break. Summer students will be given 1-2 weekends off. Travel to certain regions or neighboring countries during time off may be prohibited based on risk levels or center policies.

Students are responsible for food and accommodations during non-program time. Students are not allowed to stay at the center during weekends off or during mid-semester break. See page 12 for estimated costs.

Social Drinking & Drugs

There is no consumption or possession of alcohol allowed on campus. Students who choose to consume alcohol on their days off in which they are off campus, need to do so in moderation and maintain respectful behavior toward others.

Possession of marijuana and cannabis-infused products, including some cannabidiol (CBD) oils, is currently illegal under U.S. federal law. SFS does not allow possession or use of any drugs or medications that are illegal for the full duration of SFS programs including free time and weekends away. Check local laws before possessing, purchasing, or using electronic cigarettes or vaping devices on program.
Adjusting to new routines, relationships, and environments while away from usual support systems can be challenging. Many students also struggle with the rigorous schedule that is inherent to SFS programs. The ways students manage stress, take care of themselves, or find joy may not be available while they are abroad. There may also be decreased communication with home, limited privacy and alone time, and infrequent or modified opportunities for exercise.

SFS is partnered with Morneau Shepell to provide students with access to free, mental health and wellness support by chat, phone, and video via WIFI. Students should download My Student Support Program (My SSP) in the app store or on the My SSP website. My SSP is a supplemental resource, and students should work with their mental health provider to create a primary support plan. Students with regular counseling should verify that their mental health provider is available while they are abroad.
When it comes to sexual health and wellness during the program, please consider:

- The ramifications that a short-term relationship may have on a small residential campus or within the local community.
- Access to protection, medication for sexually transmitted infections, and emergency contraception may not be available.
- The current dialogue and understanding of consent in the U.S. does not always apply in other cultures.
- If anyone feels subjected to sexual harassment, they should walk away from the situation that makes them uncomfortable without concern for being culturally inappropriate. They can report harassment or assault to any staff member.
- In the case of a sexual assault, SFS will make every effort to support students. This includes access to medical care, the option to report to local law enforcement, and identifying additional support resources. Local laws, definitions, and legal implications often differ from those in the U.S. Different laws and limited availability of resources such as rape kits can be complicating factors in responding to a report of sexual harassment or sexual assault in foreign countries.

It is a privilege to study in another country and be welcomed into their community. It is not our students’ place to change its culture or values. While students are learning about the country and its people, they will be ambassadors of their own country and culture. SFS campuses are permanent fixtures, and these communities are home to staff year-round. Behavior that is disrespectful, illegal, or contrary to cultural norms can degrade the relationship with the community and impede meaningful interactions.

LGBTQIA+

SFS is welcoming of all students at our centers. However, when traveling throughout the country, please be aware of the following:

- Laws and social customs may differ from one’s home country, and countries that criminalize same-sex partnerships may also use the law to criminalize gender identities or expressions.
- Cultural practices may not support freedom of expression and travelers may experience discrimination and harassment.
- Some cultural practices are based on traditional gender roles and expressions. As a result, those who do not identify as they physically present may sometimes be misgendered or misidentified.
- Some languages are gendered, resulting in a lack of terms that encompass non-binary and gender-neutral identities.
- Health services specific to transgender people may be limited or unavailable. Students may also be denied services in their affirmed gender while they are traveling abroad.
- It is not always possible to use preferred names or gender (visa paperwork, plane tickets, hotel reservations, and government sites). Gender X is not recognized worldwide, and students may need to provide binary sex information.

Each country is shaped by its history, and therefore attitudes towards gender, sexual orientation, ethnicity, and religion can differ greatly. What seems like discrimination may simply be curiosity. Additionally, most students expect differences between themselves and their host country but don’t realize the most significant differences may be between themselves and their student group. Students should research how their identity might be perceived in a new context, in specific political and societal issues, racial, ethnic, and religious composition, LGBTQIA+ climate (Resources 1 and 2), and cultural norms and local laws.

It is a privilege to study in another country and be welcomed into their community. It is not our students’ place to change its culture or values. While students are learning about the country and its people, they will be ambassadors of their own country and culture. SFS campuses are permanent fixtures, and these communities are home to staff year-round. Behavior that is disrespectful, illegal, or contrary to cultural norms can degrade the relationship with the community and impede meaningful interactions.
PREPARING FOR DEPARTURE
Program Costs

The relationship SFS has with students’ schools will determine the billing process. Within a week of acceptance, students or their schools will be required to pay a non-refundable deposit to reserve the spot. Afterward, we will reach out to students or their schools to collect tuition payments. Up-to-date costs and refund policies can be found here.

Included in SFS program costs are program advising and orientations, tuition and research fees, airport transfers, housing, meals during program time, field excursions and cultural activities, emergency evacuation and 24/7 support, and official transcript processing.

Financial Aid

All students are encouraged to apply for SFS financial aid. Financial aid applications are reviewed on a rolling basis starting in February for summer programs, April for fall programs, and September for spring programs. Early submissions are welcomed. Students who submit an SFS financial aid application by the payment deadline will be considered for our full range of aid options. Learn more here.
Students are responsible for the cost of flights to and from their program. Students will receive travel instructions at least 2 months prior to the start of their program. Do not book flights before receiving these instructions.

SFS staff will meet students at the airport on the date and time specified in the airport instructions and transport them to the center. Students will receive airport instructions 1-2 weeks prior to the start of their program. If students are traveling before or after the program, they are responsible for meeting the group at the airport at the designated date and time. Additionally, SFS is not responsible for transporting or storing luggage before or after the program.

SFS is not responsible for reimbursing travel expenses for programs canceled or rescheduled due to acts of war or civil unrest, strikes, weather, quarantine/epidemics/sickness, government regulations, or failure of equipment, power, or communications.

**Passport**

Students must have a passport in hand four months prior to departure that is valid 6 months after arrival to Cambodia or 6 months after arrival to Thailand (Summer 1).

**Visa**

**Cambodia**

Students’ Cambodian Ordinary type E-visas will be applied for and granted 1 month before the program start date. E-visa instructions will be given upon acceptance and supporting documents will be sent 1 month before the program start date. Cambodian Ordinary type E-visas cost $42 USD and last 30 days. Visa costs are the responsibility of the student, and prices are subject to change. Staff will assist semester students to extend their visas for an additional cost on program.

**Thailand (Summer 1)**

U.S. citizens do not need a Thai visa for travel under 30 days. Students may be asked for proof of onward travel or sufficient funds in order to receive the visa waiver upon arrival. Nothing needs to be done for the waiver pre-arrival.

Non-U.S. citizens may require a different visa process and are responsible for applying for, obtaining, and paying for their own visa(s) valid for the duration of their program. If traveling before or after the program, make sure that the visa(s) will remain valid for the entire stay.

**Flights**

Students are responsible for the cost of flights to and from their program. Students will receive travel instructions at least 2 months prior to the start of their program. Do not book flights before receiving these instructions.

SFS staff will meet students at the airport on the date and time specified in the airport instructions and transport them to the center. Students will receive airport instructions 1-2 weeks prior to the start of their program. If students are traveling before or after the program, they are responsible for meeting the group at the airport at the designated date and time. Additionally, SFS is not responsible for transporting or storing luggage before or after the program.

SFS is not responsible for reimbursing travel expenses for programs canceled or rescheduled due to acts of war or civil unrest, strikes, weather, quarantine/epidemics/sickness, government regulations, or failure of equipment, power, or communications.
Medical Approval Process

Students are required to complete the SFS medical approval process using our HIPPA-compliant portal to inform SFS staff of their medical and mental health needs and accommodations. The review is not meant to exclude, but to inform and allow support systems to be put in place. No student may enter the field until medical approval is granted by SFS. More information.

Vaccinations & Medications

Required
- Malaria prophylactic medication (valid for entire program dates with pre- and post-exposure dosage)

Recommended
- Centers for Disease Control, travel clinics, or medical providers can provide further recommendations.

Insurance

Students are required to buy health insurance. It is the student’s responsibility to ensure that their coverage is valid in their program country(s) for the full duration of their program and covers basic medical care, including non-urgent illness or injury, laboratory tests, and pharmaceutical needs. SFS does not provide company recommendations. Keep in mind:
- Most domestic health insurance plans do not provide comprehensive coverage for out-of-country medical expenses.
- Schools may provide international health insurance or have their own insurance requirements for studying abroad.
- Most insurance companies provide coverage on a reimbursable basis. Therefore, students need to bring an emergency credit card/debit card with at least $3,000 USD to pay for medical expenses and then request reimbursement later on.

Emergency Evacuation and Repatriation Insurance

All students are automatically enrolled in an emergency evacuation and repatriation insurance plan through American International Group, Inc. (AIG) for the duration of their program only. This plan covers the cost of transportation, accommodations, and medical care associated with medically or politically necessary evacuations (e.g., life-saving support during air evacuation). It includes up to $350,000 for emergency medical evacuation, $100,000 for emergency security evacuation, and $20,000 for repatriation of remains. The coverage provided does not cover basic medical care, laboratory tests, or pharmacy needs. Students on SFS programs are required to supply their own comprehensive health insurance as outlined above.

Accommodating Disabilities

SFS works with students, schools, and physicians to determine required accommodations and whether they can be safely and reasonably maintained on program. We strive to meet students’ needs, but due to the remote nature of programs, there are varying levels of accessibility. Questions regarding physical and mental health accommodations or learning accommodations can be directed to the Office of Student Affairs and the Office of Academic Affairs respectively.
Luggage

SFS does not have policies regarding how much or what type of luggage students bring, so pack according to personal needs. We recommend backpacks over wheeled luggage, as the Elephant Valley Project does not have a paved driveway. Bring only what can be maneuvered oneself and check with all airlines for luggage restrictions and fees.

Culture & Climate

Many students bring old clothes to wear in the field and leave behind at the end of the program. Do not bring anything that cannot be damaged!

Dorm room
Tank tops and shorter shorts are okay

Around the center, while Exercising, and in Urban areas
Loose T-shirts or Tank tops that cover shoulder blades, back, and waist. Shorts/Skirts/Dresses must be no more than 2 inches above the knee. Anything shorter requires leggings underneath. Leggings cannot be worn without shorts overtop. Non-revealing swimsuits (one or two piece).

Rural areas, Religious sites, or during Field trips and Guest lectures
Shoulders blades, knees, and everything in between needs to be covered

While packing, consider the impact of the products brought to the program, both the ingredients and packaging. Plastic can be difficult for waste management in remote environments. Think about bringing a reusable tote, metal straw, cloth napkins, etc. We also highly encourage biodegradable soaps, shampoos, and conditioners.
**Required Packing**

- **Shorts/Skirts** No more than two inches above the knee. Anything shorter requires leggings underneath.
- **Pants** Loose, lightweight blends that dry quickly. 3+ pants for field work and 1+ pairs for non-field time. Leggings cannot be worn without shorts overtop, and jeans are also not recommended.
- **Loose T-shirts** that completely cover the shoulder, back, and waist. **SPAGHETTI STRAPS, CROP TOPS, AND V-NECKS NOT ALLOWED OUTSIDE DORM ROOMS**
- **Long-sleeved shirts** Light-weight fabric for working in the field.
- **Waterproof rain jacket or poncho**
- **Underwear** Opportunities for laundry are limited, so bring a good supply. Recommend lightweight moisture-wicking synthetic (not cotton).
- **Socks** 4-5 pairs of lightweight moisture-wicking synthetic (not cotton) hiking socks and a few pairs of normal socks.
- **Pajamas** appropriate for shared spaces.
- **Sun hat and sunglasses**
- **Hiking boots** over the ankle.
- **Rain boots** The center has several pairs of rain boots for student use, but students with especially large or small feet should bring their own. Lightweight, shin-high boots with good tread are best.
- **Sneakers**
- **Sport sandals** Keens/Chacos/Teevas.
- **Flip-flops or shower shoes**

- **Sheets, pillow, blanket, and towels provided.**
- **Towels** 1 large towel and 1 face/hand towel to use during travel. Quick dry towels only! Can be bought locally.
- **Toiletries** basic items can be purchased in town but bring enough for at least a week. Preferably biodegradable.

- **Masks and Covid tests** Bring enough masks to last the duration of the program and home rapid tests.
- **Record of immunizations and Health history**
- **Personal first-aid kit** including Anti-itch creams, Neosporin, Bacitracin, Tylenol, Ibuprofen, Pepto Bismol, Band-Aids, Tape, Tweezers, Nail clippers, Antihistamines, Pro-biotics, Antidiarrheals, Vitamin C, Cold medicines, Hydration salts, etc.
- **Prescriptions** Overseas prescriptions are not always accepted. Bring adequate supplies of prescription medications to last the duration of the program alongside doctors’ prescriptions to avoid customs delays. Think about inhalers, allergy medication, contacts/glasses, etc.
- **Motion sickness medication/ Dramamine/ Ginger chews**
- **Period care** Students can purchase pads in town, but tampons are not common. We encourage menstrual cups or environmentally friendly, biodegradable options.

- **Flash drives and/or External hard drive** At least 4 GB recommended.
- **Computer** that can open Microsoft Office documents offline and has a USB port.
- **Surge protector and Plug adaptors**
- **Wristwatch** Preferably water-resistant or waterproof.
- **Headlamp or flashlight** Rechargeable recommended.
- **Binoculars** Preferably 8 x 40 but anything in the 6 x 30 to 10 x 40 range is fine.
- **Day pack** Small backpack suitable for taking gear into the field. 15–30L recommended.
- **Weekend bag** to bring on overnight field excursions or weekends off. 35–55L recommended.
- **Notebooks and Pens/Pencils** Can buy locally.
- **Water bottles** 2 bottles with 1L capacity each. Alumni recommend small tops to avoid spills and at least one portable water bottle. Can buy locally.
- **Insect Repellant** 1+ bottles. Can buy locally.
- **Sunscreen** 1+ bottles. Can buy locally but can be expensive or contain whitening agents.
Optional Packing

- **Purse/tote bag** for town.
- **Nice/casual clothes** for going into town. Cover shoulders, waist, and knees.
- **Swimsuit** non-revealing one or two piece.
- **Small clothing repair kit**
- **Laundry bag**
- **Water-proof daypack cover**
- **Dry bags or sturdy plastic bags** Gallon-sized ziploc bags work well.
- **Waterproof school supplies** Rite-in-the-rain is good brand.
- **Umbrella** Can be purchased locally.
- **Pocketknife** Checked luggage only. Can buy locally.
- **Duct tape** Can buy locally.
- **Hammock** Can be purchased locally.
- **Earplugs and Eye mask**
- **Baby wipes and Hand sanitizer** Can be purchased locally.
- **Journal** Can be purchased locally.
- **Games, Movies, Books, and Crafts**
- **Snacks, Drink powders, and Dietary supplements** Any favorites.
- **Camera**
- **Voltage converter** if needed for electronics,
- **Headphones and/or Bluetooth speaker** Noise canceling recommended.
- **Waterproof cases for electronics and silicone packets** (or some water-absorbing equivalent).
- **Extra batteries and External battery packs**
