PANAMA
LIFE IN THE FIELD
The Center

• The center sits at the top of a hill overlooking the Rio Grande and Central Valley of San Jose.
• Costa Rica offers a rich patchwork of rainforests, cloud forests, beaches, and agricultural landscapes to explore and study.
• Efforts to preserve the wild beauty of Costa Rica are recognized worldwide, but climate change, tourism impacts, and increased urban development are bringing unforeseen changes impacting these fragile ecosystems.
• Costa Rica is home to sloths, toucans, hummingbirds, sea turtles, jaguars, howler monkeys, and much more!

Academic Foci

<table>
<thead>
<tr>
<th>SEMESTER: ECONOMIC RESILIENCE STUDIES</th>
<th>SUMMER 1: BIODIVERSITY AND SUSTAINABLE FOOD SYSTEMS</th>
<th>SUMMER 2: ENVIRONMENTAL JUSTICE FROM THE GROUND UP</th>
</tr>
</thead>
</table>

Each program combines theory learned in the classroom alongside field-based applications. Time in the classroom is structured to give students a solid understanding of environmental history, theory, and conservation techniques before deploying their knowledge or specific techniques in the field.

Setting and Facilities

An active farm surrounded by orchards and community forest

<td>Common room with TV, games, and dorm kitchen. Classrooms, kitchen, dining area, staff offices, and some staff housing. Porch with hammocks, small pool, butterfly garden, vegetable garden, soccer field, basketball court, and coop with ducks and chickens. Two washing machines (detergent not provided). One dryer, but clothesline requested as weather permits.</td>
</tr>
</tbody>
</table>
**Food**

SFS can accommodate most dietary needs, but the variety of food may be limited due to local availability and cost. SFS cannot accommodate strict Halal or Kosher diets. Due to limited dietary variety, SFS always recommends bringing vitamins, protein bars, nuts, favorite snacks, etc.

Meals may consist of rice, beans, vegetables, plantains, and fresh fruit. Snacks may include tea, coffee, toast with jam or other spreads, and pastries.

**Exercise**

The center has yoga mats, a soccer field, basketball court, and small pool. Students can run in town with a buddy. The community also offers paid Zumba/dance classes weekly.

**Climate**

Rainy season runs from May through November. Dry season runs from December through April. Average temperatures in Atenas range from 65-85°F. Be prepared for both colder and hotter weather during travel as weather varies with elevation and location.

**Money**

The local currency is the Costa Rican Colón (CRC).

Both cash and debit/credit cards are widely accepted in cities. In rural areas, expect to use cash only. All students are required to bring a credit/debit card with at least $3,000 in funds in case of emergencies. Mastercard and Visa are the most commonly accepted cards internationally. Notify banks about international travel.

Bring at least $100 USD (bills no larger than $20 USD) to start. Students can order CRC from their banks, exchange USD for CRC, or withdraw local currency directly from ATMs. When bringing USD to exchange, travel with bills in excellent condition (clean, unwrinkled, unmarked, with no tears). Students will have access to ATMs to replenish their cash supply in Atenas. In general, expect to pay slightly more for things in Costa Rica than in the U.S.
Electricity

The electrical voltage in Costa Rica is 120 (the U.S. uses 120). Voltage converters are not needed. Costa Rica uses plug type A (the U.S. uses A and B). All students should bring B to A plug adaptors.

Internet

Wireless internet is available at the center, but it is slow and intermittent. SFS reserves the right to limit internet activities occurring on our servers including, but not limited to, streaming or downloading audio/video content (Facetime, Netflix, etc.)

Computers

Students need to bring laptops with Microsoft Office (or the ability to open Microsoft files offline) and a USB port. Electronic devices are subjected to a much harsher environment than normal. In particular, Apple products do not fare well in high humidity and are more difficult to repair or replace locally. Please take precautions to protect all devices.

Phones

Students with unlocked phones can purchase local SIM cards and phone plans for approximately ~$20 USD a month. Most students choose to rely solely on WIFI.

Mail

No packages containing food of any kind can be sent to the center. The average one-way travel time for mail from the U.S. to Costa Rica is 5–21 days. Therefore, no mail can be sent during the last 3 weeks of programs, as students will not receive it! Mail will not be forwarded.

Address: Student Name, SFS Center for Sustainable Development Studies, Apartado 150-4013, Atenas, Costa Rica, Central America
Students live at a field station, rather than a homestay, local apartment, or university dorm. This means they will not necessarily navigate the local culture, cuisine, or language every day. However, SFS believes that meaningful research is only possible with the input of local people, so community engagement varies each term to reflect the requests of our partners.

There is no cleaning service at the center, so students are expected to take responsibility for their space. Students will help set up/clean up for meals and engage in center-wide clean-ups. Specific chore responsibilities will be shared during orientation.

Because center locations are often unfamiliar to students, there are off-campus policies in place to keep students safe including nightly curfew, sign-out logs, and a buddy system. Specific campus policies will be shared during orientation.

Students will have the option to leave campus most weekends. Semester students will also have a 7 to 9 day mid-semester break. Travel to certain regions or neighboring countries during time off may be prohibited based on risk levels or center policies.

Students are responsible for their own food and accommodations during non-program time. Students are not allowed to stay at the center during the mid-semester break or interim between Summer 1 and Summer 2 sessions but may stay on campus during weekends off if desired. See page 11 for estimated costs.

There is no consumption or possession of alcohol allowed on campus. Students who choose to consume alcohol on their days off in which they are off campus, need to do so in moderation and maintain respectful behavior toward others.

Possession of marijuana and cannabis-infused products, including some cannabidiol (CBD) oils, is currently illegal under U.S. federal law. SFS does not allow possession or use of any drugs or medications that are illegal for the full duration of SFS programs including free time and weekends away. Check local laws before possessing, purchasing, or using electronic cigarettes or vaping devices on program.
Adjusting to new routines, relationships, and environments while away from usual support systems can be challenging. Many students also struggle with the rigorous schedule that is inherent to SFS programs. The ways students manage stress, take care of themselves, or find joy may not be available while they are abroad. There may also be decreased communication with home, limited privacy and alone time, and infrequent or modified opportunities for exercise.

SFS is partnered with Morneau Shepell to provide students with access to free, mental health and wellness support by chat, phone, and video via WIFI. Students should download My Student Support Program (My SSP) in the app store or on the My SSP website. My SSP is a supplemental resource, and students should work with their mental health provider to create a primary support plan. Students with regular counseling should verify that their mental health provider is available while they are abroad.

24-Hour Emergency Hotline

SFS maintains a 24-hour emergency hotline. To urgently contact a student in the field, call 978.219.5113.

Student Health & Wellness Manager

The Student Health & Wellness Manager is a full-time primary medical responder and student support personnel on campus. They are certified in Wilderness First Response, or equivalent certification, and trained in sexual assault first response. They also counsel students on adjusting to life abroad, conduct risk assessments, and help coordinate program logistics and community outreach.

Orientation

Upon arrival to campus, students receive an orientation about the local community and culture, center operations, and relevant risks and hazards. Prior to arriving on program, students should research the inherent risks associated with traveling abroad.

Medical Care

SFS maintains a detailed risk assessment and management plan outlining risks and response protocols, including nearby medical facilities and their treatment capabilities. These plans ensure staff are always aware of the best route for appropriate medical care.

If a medical care facility visit is needed, staff will accompany the student to the appointment. There may be times when medical care access is delayed, i.e., expeditions. Students are responsible for all medical costs and all incidental expenses incurred by all parties involved including transportation, accommodations, etc. This may include costs related to COVID-19 quarantining. Some medical conditions may necessitate medical withdrawal from the program. Final decisions on medical withdrawal are made by SFS.

Mental Health Support

Adjusting to new routines, relationships, and environments while away from usual support systems can be challenging. Many students also struggle with the rigorous schedule that is inherent to SFS programs. The ways students manage stress, take care of themselves, or find joy may not be available while they are abroad. There may also be decreased communication with home, limited privacy and alone time, and infrequent or modified opportunities for exercise.

SFS maintains a 24-hour emergency hotline. To urgently contact a student in the field, call 978.219.5113.
When it comes to sexual health and wellness during the program, please consider:

- The ramifications that a short-term relationship may have on a small residential campus or within the local community.
- Access to protection, medication for sexually transmitted infections, and emergency contraception may not be available.
- The current dialogue and understanding of consent in the U.S. does not always apply in other cultures.
- If anyone feels subjected to sexual harassment, they should walk away from the situation that makes them uncomfortable without concern for being culturally inappropriate. They can report harassment or assault to any staff member.
- In the case of a sexual assault, SFS will make every effort to support students. This includes access to medical care, the option to report to local law enforcement, and identifying additional support resources. Local laws, definitions, and legal implications often differ from those in the U.S. Different laws and limited availability of resources such as rape kits can be complicating factors in responding to a report of sexual harassment or sexual assault in foreign countries.

SFS is welcoming of all students at our centers. However, when traveling throughout the country, please be aware of the following:

- Laws and social customs may differ from one’s home country, and countries that criminalize same-sex partnerships may also use the law to criminalize gender identities or expressions.
- Cultural practices may not support freedom of expression and travelers may experience discrimination and harassment.
- Some cultural practices are based on traditional gender roles and expressions. As a result, those who do not identify as they physically present may sometimes be misgendered or misidentified.
- Some languages are gendered, resulting in a lack of terms that encompass non-binary and gender-neutral identities.
- Health services specific to transgender people may be limited or unavailable. Students may also be denied services in their affirmed gender while they are traveling abroad.
- It is not always possible to use preferred names or gender (visa paperwork, plane tickets, hotel reservations, and government sites). Gender X is not recognized worldwide, and students may need to provide binary sex information.
PREPARING FOR DEPARTURE
Program Costs

The relationship SFS has with students’ schools will determine the billing process. Within a week of acceptance, students or their schools will be required to pay a non-refundable deposit to reserve the spot. Afterward, we will reach out to students or their schools to collect tuition payments. Up-to-date costs and refund policies can be found here.

Included in SFS program costs are program advising and orientations, tuition and research fees, airport transfers, housing, meals during program time, field excursions and cultural activities, emergency evacuation and 24/7 support, and official transcript processing.

### Financial Aid

All students are encouraged to apply for SFS financial aid. Financial aid applications are reviewed on a rolling basis starting in February for summer programs, April for fall programs, and September for spring programs. Early submissions are welcomed. Students who submit an SFS financial aid application by the payment deadline will be considered for our full range of aid options. Learn more here.

Students are responsible for the cost of flights to and from their program. Students will receive travel instructions at least 2 months prior to the start of their program. Do not book flights before receiving these instructions.

SFS staff will meet students at the airport on the date and time specified in the airport instructions and transport them to the center. Students will receive airport instructions 1-2 weeks prior to the start of their program. If students are traveling before the program, they are responsible for meeting the group at the airport at the designated date and time. Additionally, SFS is not responsible for transporting or storing luggage before or after the program.

SFS is not responsible for reimbursing travel expenses for programs canceled or rescheduled due to acts of war or civil unrest, strikes, weather, quarantine/epidemics/sickness, government regulations, or failure of equipment, power, or communications.

---

**PASSPORT**

Students must have a passport in hand four months prior to departure that is valid for the entire length of stay in Costa Rica.

---

**VISA**

Students will enter Costa Rica using a tourist visa. Students’ Costa Rican visas will be granted upon arrival to Costa Rica and last up to 180 days. Nothing needs to be done for the visa pre-arrival. Tourist visas are currently free to obtain, but visa costs are the responsibility of the student, and prices are subject to change.

Non-U.S. citizens may require a different visa process and are responsible for applying for, obtaining, and paying for their own visa valid for the duration of their stay.

If traveling before or after the program, make sure that the visa will remain valid for the entire stay.

---

**FLIGHTS**

Students are responsible for the cost of flights to and from their program. Students will receive travel instructions at least 2 months prior to the start of their program. Do not book flights before receiving these instructions.
Medical Approval Process

Students are required to complete the SFS medical approval process using our HIPPA-compliant portal to inform SFS staff of their medical and mental health needs and accommodations. The review is not meant to exclude, but to inform and allow support systems to be put in place. No student may enter the field until medical approval is granted by SFS. [More information.]

Vaccinations & Medications

**Required**
- None

**Recommended**
- Centers for Disease Control, travel clinics, or medical providers can provide further recommendations.

Insurance

Students are required to buy health insurance. It is the student’s responsibility to ensure that their coverage is valid in their program country(ies) for the full duration of their program and covers basic medical care, including non-urgent illness or injury, laboratory tests, and pharmaceutical needs. SFS does not provide company recommendations. Keep in mind:
- Most domestic health insurance plans do not provide comprehensive coverage for out-of-country medical expenses.
- Schools may provide international health insurance or have their own insurance requirements for studying abroad.
- Most insurance companies provide coverage on a reimbursable basis. Therefore, students need to bring an emergency credit card/debit card with at least $3,000 USD to pay for medical expenses and then request reimbursement later on.

Emergency Evacuation and Repatriation Insurance

All students are automatically enrolled in an emergency evacuation and repatriation insurance plan through American International Group, Inc. (AIG) for the duration of their program only. This plan covers the cost of transportation, accommodations, and medical care associated with medically or politically necessary evacuations (e.g. life-saving support during air evacuation). It includes up to $350,000 for emergency medical evacuation, $100,000 for emergency security evacuation, and $20,000 for repatriation of remains. The coverage provided does not cover basic medical care, laboratory tests, or pharmacy needs. Students on SFS programs are required to supply their own comprehensive health insurance as outlined above.

Accommodating Disabilities

SFS works with students, schools, and physicians to determine required accommodations and whether they can be safely and reasonably maintained on program. We strive to meet students’ needs, but due to the remote nature of programs, there are varying levels of accessibility. Questions regarding physical and mental health accommodations or learning accommodations can be directed to the Office of Student Affairs and the Office of Academic Affairs respectively.
**Luggage**

SFS does not have policies regarding how much or what type of luggage students bring, so pack according to personal needs. Bring only what can be maneuvered oneself and check with all airlines for luggage restrictions and fees.

**Culture & Climate**

Many students bring old clothes to wear in the field and leave behind at the end of the program. Do not bring anything that cannot be damaged!

A minimum of 3-inch seams are required for all shorts worn in town. Additionally, crop tops are not appropriate community wear.

While packing, consider the impact of the products brought to the program, both the ingredients and packaging. Plastic can be difficult for waste management in remote environments. Think about bringing a reusable tote, metal straw, cloth napkins, etc. We also highly encourage biodegradable soaps, shampoos, and conditioners.
- **Pants** Lightweight blends that dry quickly. 2+ for field work, 2+ jeans/leggings/normal pants for day-to-day, and comfy pants for around the center.
- **Shorts** Minimum of 3-inch seam for shorts worn in town. Runners may want a few pairs of athletic shorts.
- **T-shirts and Tank tops** Keep them loose-fitting with no midriff exposed.
- **Long-sleeved shirts** A mix of synthetic fabrics and cotton.
- **Casual/nice clothes** for town. Enough for a week.
- **Sweater, sweatshirt, and sweatpants**
- **Waterproof jacket with a hood or Poncho** Water resistant is not sufficient.
- **Underwear and Socks** including mostly light wool or synthetic (not cotton) hiking socks and some knee-high socks for use with rainboots.
- **Pajamas** appropriate for shared spaces
- **Swimsuit** non-revealing one-piece or two-piece
- **Sun hat and sunglasses** Hat should have brim.
- **Hiking boots** Over-the-ankle and preferably waterproof.
- **Sneakers** or other casual shoes.
- **Rain boots** The center has several pairs of rain boots that students can use, but students with especially large or small feet should bring their own. Lightweight, shin-high boots with good tread are best.
- **Sheets, a pillow, and mosquito net** will be provided at the center.
- **Towels** 2 large shower towels and 1 face/hand towel for trips. Quick dry towels are best!
- **Toiletries and Laundry detergent** Basic items can be purchased in town but bring enough for at least a week. Preferably biodegradable.

- **Masks and COVID tests** Bring enough masks to last the duration of the program and home rapid tests.
- **Record of immunizations and Health history**
- **Personal first-aid kit** including Anti-itch creams, Neosporin, Bacitracin, Tylenol, Ibuprofen, Pepto Bismol, Band-Aids, Tape, Tweezers, Nail clippers, Antihistamines, Pro-biotics, Antidiarrheals, Vitamin C, Cold medicines, Hydration salts, etc.
- **Prescriptions** Overseas prescriptions are not always accepted. Bring adequate supplies of prescription medications to last the duration of the program alongside doctors’ prescriptions to avoid customs delays. Think about inhalers, allergy medication, contacts/glasses, etc.
- **Motion sickness medication/ Dramamine/ Ginger chews**
- **Period care** Students can purchase basic period products in town. We encourage menstrual cups or environmentally friendly, biodegradable options.
- **Computer** that can open Microsoft Office documents offline and has a USB port.
- **Headlamp with extra rechargeable batteries** Flashlight is not a replacement but can be brought additionally.
- **Umbrella** Can buy locally.
- **Gardening gloves**
- **Day pack** Suitable for taking gear into the field. 15-30L recommended.
- **Weekend bag** to bring on overnight field excursions or weekends. 35-55L recommended.
- **Notebooks and Pens/Pencils** Can buy locally.
- **Water bottles** 2 bottles with at least 1L capacity each.
- **Sunscreen** 1+ bottles. Lotion recommended.
- **Insect Repellant** 1+ bottles. Lotion recommended.
- **Tupperware and Travel mugs** for packing lunches. Can buy locally.
Optional Packing

- Purse/tote bag for town.
- Sandals recommended with heel strap.
- Shoe inserts for rainboots.
- Small clothing repair kit
- Laundry bag
- Flip flops for showering.
- Soccer cleats
- Dry bags, waterproof day pack cover, or sturdy plastic bags Gallon-sized Ziploc bags work well.
- Pocketknife Checked luggage only.
- Mosquito head net
- Hammock
- Blanket
- Collapsible chair Crazy Creek, etc.
- University ID for local ticket discounts.
- Waterproof notebook Rite-in-the-Rain is a good brand.
- Earplugs and eye mask
- Baby wipes and hand sanitizer Can purchase in town.
- Journal
- Games, Movies, Books, and Crafts
- Snacks, Drink powders, and Dietary supplements Any favorites.
- Camera
- Headphones and/or Bluetooth speaker Noise canceling recommended.
- Waterproof cases for electronics and silicone packets (or some water-absorbing equivalent).
- Wristwatch Preferably water-resistant or waterproof
- Binoculars Preferably 8 x 40 but anything in the 6 x 30 to 10 x 40 range is fine.
- Extra batteries and external battery packs
