LIFE IN THE FIELD
The Center

Academic Foci

Kenya
- The region offers a wide variety of national parks, wildlife sanctuaries, and protected areas as well as Maasai communities all providing unique approaches to wildlife conservation.
- There is a strong interconnectivity between wildlife, human settlements, and natural resource availability in Kenya. Competition for the region’s finite natural resources is intensified by climate change, drought, ecosystem fragmentation, and human development.
- Kenya is home to the “Big Five”- lions, elephants, leopards, buffalo, and rhinos. It also has many other charismatic megafauna including giraffes, hippos, hyenas, jackals, warthogs, baboons, cheetahs, zebras, and wildebeest.

Rwanda (Semester programs)
- The Rwanda center is found in Musanze. Rwanda’s most mountainous district is home to the country’s largest population of mountain gorillas.
- The Dianna Fossey Gorilla Fund, a partner of SFS, is the longest-running gorilla research site in the world and provides critical research to help mountain gorilla conservation. In part due to their incredible findings, mountain gorillas are the only great apes that are increasing in the wild.
- Akagera National Park and Volcanoes National Park offer the perfect backdrop to track gorillas and also provide students the opportunity to learn about Rwanda’s conservation challenges and innovative solutions.

<table>
<thead>
<tr>
<th>SEMESTER: ENDANGERED SPECIES</th>
<th>SUMMER 1: GIRAFFE ECOLOGY AND CONSERVATION</th>
<th>SUMMER 2: ELEPHANT ECOLOGY AND CONSERVATION</th>
</tr>
</thead>
</table>

Each program combines theory learned in the classroom alongside field-based applications. Time in the classroom is structured to give students a solid understanding of environmental history, theory, and conservation techniques before deploying their knowledge or specific techniques in the field.
### Setting and Facilities

#### Kenya

25-acre property within small agricultural village.

<table>
<thead>
<tr>
<th>KIMANA</th>
<th>LOITOKITOK</th>
<th>NAIROBI</th>
</tr>
</thead>
<tbody>
<tr>
<td>5-minute drive</td>
<td>60-minute drive</td>
<td>3-5 hour drive</td>
</tr>
<tr>
<td>Population ~10,000</td>
<td>Population ~190,000</td>
<td>Population ~5,110,000</td>
</tr>
</tbody>
</table>

#### Housing

- Ten student cabins or “bandas,” 4 students per cabin in twin beds. Personal storage cubbies. Curtain down the middle of banda allows for extra personal space.
- Restroom blocks with showers (warm water) and western-style toilets are a short walk away from cabins.

#### Other Facilities

- Central building or “chumba” contains staff offices, kitchen, dining area/classroom/student lounge, and small library and workspace.
- Additional buildings include other staff offices, staff housing, and three open air recreation rooms.

#### Rwanda (Semester programs)

Dian Fossey Gorilla Fund is a 10-acre property nearby a large touristic town.

<table>
<thead>
<tr>

<tr>
<td>Population ~475,000</td>
<td>Population ~1,300,000</td>
</tr>
<tr>
<td>Third largest city in Rwanda and most visited city in the country. Busy tourist area with clinics, ATMs, restaurants, and other amenities.</td>
<td>Capital city. International airport.</td>
</tr>
</tbody>
</table>

#### Housing

- Two dorms with 4 rooms each, 4 people per room in twin bunk beds.
- Shared restrooms for every 2 rooms with showers (warm water) and Western-style toilets.

#### Other Facilities

- Central administration block with offices, lecture hall, computer lab, and science library. Additional buildings include research center, gallery, and cafe.
- Free washing services available on site.
Food

SFS can accommodate most dietary needs, but the variety of food may be limited due to local availability and cost. SFS cannot accommodate strict Halal or Kosher diets. Due to limited dietary variety, SFS always recommends bringing vitamins, protein bars, nuts, favorite snacks, etc.

The cuisine may be heavy on carbs and oils. Meals may include rice, chapatti (unleavened bread), ugali (corn flour dough), lentils, roasted vegetables, fresh fruit, and meat such as goat or beef. Snacks may include tea and coffee, fruit, and bread with peanut butter.

Exercise

Kenya
The center has yoga mats, a soccer/volleyball field, and a one-mile walking loop.

Rwanda (Semester Programs)
Walking trails on campus.

Climate

Temperatures range from 50-80°F, prepare for cooler weather than expected by packing lots of layers.

Money

The local currency is the Kenyan Shilling (KES). In Rwanda (semester programs), the local currency is the Rwandan Franc (Rwf).

Both Kenya and Rwanda (semester programs) are primarily cash-based economies. However, all students are required to bring a credit card with a limit of at least $3,000 in case of emergencies. Mastercard and Visa are the most commonly accepted cards internationally. Notify banks about international travel.

Please bring at least 300 USD to start. Staff will assist in exchanging USD to KES and Rwf upon arrival. When bringing USD to exchange, travel with bills in excellent condition (clean, unwrinkled, unmarked, with no tears). USD should be series 2010 or newer, and $50 and $100 bills get the best exchange rate. Students will have access to ATMs to replenish their cash supply in Kimana and Loitoktok in Kenya and Musanze in Rwanda.
Electricity

The electrical voltage in Kenya is 240 and in Rwanda (semester programs) is 230 (the U.S. uses 120). Check all electrical devices to see if voltage converters are needed. Kenya uses plug type G and Rwanda uses types C and J (the U.S. uses A and B). All students will need plug adaptors.

Power outages are common and while the center has a backup generator, there may be times where electricity is gone for several hours.

Internet

Wireless internet is available at the centers, but it is slow and intermittent. SFS reserves the right to limit internet activities occurring on our servers including, but not limited to, streaming or downloading audio/video content (Facetime, Netflix, etc.).

Computers

Students need to bring laptops with Microsoft Office (or the ability to open Microsoft files offline) and a USB port. Electronic devices are subjected to a much harsher environment than normal. In particular, Apple products do not fare well in high humidity and are more difficult to repair or replace locally. Please take precautions to protect all devices.

Phones

Students are provided basic phones in Kenya or students with unlocked phones have the option to buy a local sim card/eSim to use for approximately ~10 USD per month. Students are responsible for maintaining credit on their phones to communicate with staff and peers. During the short stay in Rwanda (semester programs), students will rely on WIFI only.

Mail

Packages are not permitted to be sent to the center. Letters can be a maximum of 5x7 inches. The average one-way travel time for mail from the U.S. to Kenya is 10-14 days. Therefore, no mail can be sent the last two weeks of programs as students will not receive it! Mail will not be forwarded.

Address: Student name, Center for Wildlife Management Studies, P.O. Box 358-00209, Loitoktok, Kenya, East Africa
Community Engagement

Students live at a field station, rather than a homestay, local apartment, or university dorm. This means they will not necessarily navigate the local culture, cuisine, or language every day. However, SFS believes that meaningful research is only possible with the input of local people, so community engagement varies each term to reflect the requests of our partners.

Chores

There is no cleaning service at the center, so students are expected to take responsibility for their space. Students will help set up/clean up for meals and engage in center-wide clean-ups. Specific chore responsibilities will be shared during orientation.

Off-Campus Policies

Because center locations are often unfamiliar to students, there are off-campus policies in place to keep students safe including nightly curfew, sign-out logs, and a buddy system. Specific campus policies will be shared during orientation.

Time-off

Students will not be given a mid-semester break or the opportunity to travel independently.

Students participating in Summer 1+2 will be responsible for their own food and accommodation between sessions if they choose to leave campus.

Drinking & Drugs

There is no consumption or possession of alcohol allowed on campus. Students who choose to consume alcohol on their days off in which they are off campus, need to do so in moderation and maintain respectful behavior toward others.

Possession of marijuana and cannabis-infused products, including some cannabidiol (CBD) oils, is currently illegal under U.S. federal law. SFS does not allow possession or use of any drugs or medications that are illegal for the full duration of SFS programs including free time and weekends away. Check local laws before possessing, purchasing, or using electronic cigarettes or vaping devices on program.
Adjusting to new routines, relationships, and environments while away from usual support systems can be challenging. Many students also struggle with the rigorous schedule that is inherent to SFS programs. The ways students manage stress, take care of themselves, or find joy may not be available while they are abroad. There may also be decreased communication with home, limited privacy and alone time, and infrequent or modified opportunities for exercise.

SFS is partnered with Morneau Shepell to provide students with access to free, mental health and wellness support by chat, phone, and video via WIFI. Students should download My Student Support Program (My SSP) in the app store or on the My SSP website. My SSP is a supplemental resource, and students should work with their mental health provider to create a primary support plan. Students with regular counseling should verify that their mental health provider is available while they are abroad.

24-Hour Emergency Hotline
SFS maintains a 24-hour emergency hotline. To urgently contact a student in the field, call 978.219.5113.

Student Health & Wellness Manager
The Student Health & Wellness Manager is a full-time primary medical responder and student support personnel on campus. They are certified in Wilderness First Response, or equivalent certification, and trained in sexual assault first response. They also counsel students on adjusting to life abroad, conduct risk assessments, and help coordinate program logistics and community outreach.

Orientation
Upon arrival to campus, students receive an orientation about the local community and culture, center operations, and relevant risks and hazards. Prior to arriving on program, students should research the inherent risks associated with traveling abroad.

Medical Care
SFS maintains a detailed risk assessment and management plan outlining risks and response protocols, including nearby medical facilities and their treatment capabilities. These plans ensure staff are always aware of the best route for appropriate medical care.

If a medical care facility visit is needed, staff will accompany the student to the appointment. There may be times when medical care access is delayed, i.e., expeditions. Students are responsible for all medical costs and all incidental expenses incurred by all parties involved including transportation, accommodations, etc. This may include costs related to COVID-19 quarantining. Some medical conditions may necessitate medical withdrawal from the program. Final decisions on medical withdrawal are made by SFS.

Mental Health Support
Adjusting to new routines, relationships, and environments while away from usual support systems can be challenging. Many students also struggle with the rigorous schedule that is inherent to SFS programs. The ways students manage stress, take care of themselves, or find joy may not be available while they are abroad. There may also be decreased communication with home, limited privacy and alone time, and infrequent or modified opportunities for exercise.

SFS is partnered with Morneau Shepell to provide students with access to free, mental health and wellness support by chat, phone, and video via WIFI. Students should download My Student Support Program (My SSP) in the app store or on the My SSP website. My SSP is a supplemental resource, and students should work with their mental health provider to create a primary support plan. Students with regular counseling should verify that their mental health provider is available while they are abroad.
Identity

Each country is shaped by its history, and therefore attitudes towards gender, sexual orientation, ethnicity, and religion can differ greatly. What seems like discrimination may simply be curiosity. Additionally, most students expect differences between themselves and their host country but don’t realize the most significant differences may be between themselves and their student group. Students should research how their identity might be perceived in a new context, in specific political and societal issues, racial, ethnic, and religious composition, LGBTQIA+ climate (Resources 1 and 2), and cultural norms and local laws.

It is a privilege to study in another country and be welcomed into their community. It is not our students’ place to change its culture or values. While students are learning about the country and its people, they will be ambassadors of their own country and culture. SFS campuses are permanent fixtures, and these communities are home to staff year-round. Behavior that is disrespectful, illegal, or contrary to cultural norms can degrade the relationship with the community and impede meaningful interactions.

Sexual Health & Wellness

When it comes to sexual health and wellness during the program, please consider:
- The ramifications that a short-term relationship may have on a small residential campus or within the local community.
- Access to protection, medication for sexually transmitted infections, and emergency contraception may not be available.
- The current dialogue and understanding of consent in the U.S. does not always apply in other cultures.
- If anyone feels subjected to sexual harassment, they should walk away from the situation that makes them uncomfortable without concern for being culturally inappropriate. They can report harassment or assault to any staff member.
- In the case of a sexual assault, SFS will make every effort to support students. This includes access to medical care, the option to report to local law enforcement, and identifying additional support resources. Local laws, definitions, and legal implications often differ from those in the U.S. Different laws and limited availability of resources such as rape kits can be complicating factors in responding to a report of sexual harassment or sexual assault in foreign countries.

LGBTQIA+

SFS is welcoming of all students at our centers. However, when traveling throughout the country, please be aware of the following:
- Laws and social customs may differ from one’s home country, and countries that criminalize same-sex partnerships may also use the law to criminalize gender identities or expressions.
- Cultural practices may not support freedom of expression and travelers may experience discrimination and harassment.
- Some cultural practices are based on traditional gender roles and expressions. As a result, those who do not identify as they physically present may sometimes be misgendered or misidentified.
- Some languages are gendered, resulting in a lack of terms that encompass non-binary and gender-neutral identities.
- Health services specific to transgender people may be limited or unavailable. Students may also be denied services in their affirmed gender while they are traveling abroad.
- It is not always possible to use preferred names or gender (visa paperwork, plane tickets, hotel reservations, and government sites). Gender X is not recognized worldwide, and students may need to provide binary sex information.
PREPARING FOR DEPARTURE
### Program Costs

The relationship SFS has with students' schools will determine the billing process. Within a week of acceptance, students or their schools will be required to pay a non-refundable deposit to reserve the spot. Afterward, we will reach out to students or their schools to collect tuition payments. Up-to-date costs and refund policies can be found [here](#).

Included in SFS program costs are program advising and orientations, tuition and research fees, airport transfers, housing, meals during program time, field excursions and cultural activities, emergency evacuation and 24/7 support, and official transcript processing.

### Financial Aid

All students are encouraged to apply for SFS financial aid. Financial aid applications are reviewed on a rolling basis starting in February for summer programs, April for fall programs, and September for spring programs. Early submissions are welcomed. Students who submit an SFS financial aid application by the payment deadline will be considered for our full range of aid options. Learn more [here](#).
Students are responsible for the cost of flights to and from their program. Students will receive travel instructions at least 2 months prior to the start of their program. Do not book flights before receiving these instructions.

SFS staff will meet students at the airport on the date and time specified in the airport instructions and transport them to the center. Students will receive airport instructions 1-2 weeks prior to the start of their program. If students are traveling before the program, they are responsible for meeting the group at the airport at the designated date and time. Additionally, SFS is not responsible for transporting or storing luggage before or after the program.

SFS is not responsible for reimbursing travel expenses for programs canceled or rescheduled due to acts of war or civil unrest, strikes, weather, quarantine/epidemics/sickness, government regulations, or failure of equipment, power, or communications.

---

**PASSPORT**

Students must have a passport in hand four months prior to departure that is valid for at least 6 months after their arrival to Kenya (summer programs) or 6 months after their arrival to Rwanda (semester programs).

**KENYA**

Students will enter using an ETA which will be applied for and granted within 3 months of departure. ETA instructions will be given upon acceptance. ETA costs are the responsibility of the student and are approximately $35 USD, prices are subject to change. Students’ ETAs will be supplemented with a student visa (Pupil’s pass) which will cover students for the remainder of their stay. Staff will process and pay for student visas.

**RWANDA (Semester Programs)**

Students will receive a tourist visa upon arrival. Nothing needs to be done for the visa pre-arrival. Visa costs are the responsibility of the student and are approximately $50 USD, prices are subject to change.

Non-U.S. citizens may require a different visa process and are responsible for applying for, obtaining, and paying for their own visa(s) valid for the duration of their program. If traveling before or after the program, make sure that the visa will remain valid for the entire stay.

**FLIGHTS**

Students are responsible for the cost of flights to and from their program. Students will receive travel instructions at least 2 months prior to the start of their program. Do not book flights before receiving these instructions.
Medical Approval Process

Students are required to complete the SFS medical approval process using our HIPPA-compliant portal to inform SFS staff of their medical and mental health needs and accommodations. The review is not meant to exclude, but to inform and allow support systems to be put in place. No student may enter the field until medical approval is granted by SFS. More information.

Vaccinations & Medications

Required
- Yellow Fever vaccine
- Malaria prophylactic medication for the entire program and pre- and post-exposure dosage

Recommended
- Centers for Disease Control, travel clinics, or medical providers can provide further recommendations

Insurance

Students are required to buy health insurance. It is the student’s responsibility to ensure that their coverage is valid in their program country(s) for the full duration of their program and covers basic medical care, including non-urgent illness or injury, laboratory tests, and pharmaceutical needs. SFS does not provide company recommendations. Keep in mind:
- Most domestic health insurance plans do not provide comprehensive coverage for out-of-country medical expenses.
- Schools may provide international health insurance or have their own insurance requirements for studying abroad.
- Most insurance companies provide coverage on a reimbursable basis. Therefore, students need to bring an emergency credit card/debit card with at least $3,000 USD to pay for medical expenses and then request reimbursement later on.

Emergency Evacuation and Repatriation Insurance
All students are automatically enrolled in an emergency evacuation and repatriation insurance plan through American International Group, Inc. (AIG) for the duration of their program only. This plan covers the cost of transportation, accommodations, and medical care associated with medically or politically necessary evacuations (e.g., life-saving support during air evacuation). It includes up to $350,000 for emergency medical evacuation, $100,000 for emergency security evacuation, and $20,000 for repatriation of remains. The coverage provided does not cover basic medical care, laboratory tests, or pharmacy needs. Students on SFS programs are required to supply their own comprehensive health insurance as outlined above.

Accommodating Disabilities

SFS works with students, schools, and physicians to determine required accommodations and whether they can be safely and reasonably maintained on program. We strive to meet students’ needs, but due to the remote nature of programs, there are varying levels of accessibility. Questions regarding physical and mental health accommodations or learning accommodations can be directed to the Office of Student Affairs and the Office of Academic Affairs respectively.
PACKING GUIDE

COSTA RICA

TURKS AND CAICOS
Luggage
SFS does not have policies regarding how much or what type of luggage students bring, so pack according to personal needs. Bring only what can be maneuvered oneself and check with all airlines for luggage restrictions and fees.

Culture & Climate
Most program time is spent in classrooms or vehicles, so students often wear their “normal” clothes more often than their field clothes. However, prepare for lots of dust and sun. It is not necessary to buy new clothing just for this program. Many students bring old clothes to wear in the field and leave behind at the end of the program. Do not bring anything that cannot be damaged!

Dorm room
Crop tops, spandex, and shorter shorts are okay.

Around the center
Loose T-shirts or tank tops that cover back and waist.
Shorts/skirts/dresses mid-thigh or longer, 5-inch inseam minimum.
Pants, leggings, or yoga pants are okay if not sheer material.

Community wear and Guest lectures
Shoulders blades, knees, and everything in between needs to be covered.
No leggings or yoga pants.
No tank tops.

In Rwanda, camouflage items and clothing are not allowed.

Tsetse flies (which have a nasty bite) are common and are particularly attracted to dark clothing.

While packing, consider the impact of the products brought to the program, both the ingredients and packaging. Plastic can be difficult for waste management in remote environments. Plastic bags are banned in Kenya. While this law is rarely enforced among tourists, please avoid trash bags, Ziploc bags, and other single-use plastics out of respect for their government and the environment. Think about bringing a reusable tote, metal straw, cloth napkins, etc. We also highly encourage biodegradable soaps, shampoos, and conditioners.
Required Packing

- **Shorts/Skirts** Minimum 5-inch inseam around camp. **SHORTS/SKIRTS MUST COVER KNEES OUTSIDE THE CENTER.**
- **Pants** Loose, lightweight blends. Pants for field work and pairs for non-field time. **LEGGINGS CAN ONLY BE WORN AT THE CENTER.** We recommend field pants that can zip to shorts.
- **Waterproof pants (semester only)** 1 pair
- **T-shirts** that completely cover the shoulder, back, and waist. **SPAGHETTI STRAPS, CROP TOPS, AND V-NECKS ARE NOT ALLOWED.**
- **Long-sleeved shirts** Light-weight fabric for working in the field and heavier ones for warmth.
- **Tank tops** should have wide shoulder-width straps.
- **Sweaters or sweatshirts** Recommend fleece.
- **Waterproof rain jacket with a hood**
- **Underwear and Socks** 2+ pairs of long, lightweight, moisture-wicking synthetic (not cotton) hiking socks and a few pairs of normal socks.
- **Casual/Nice clothes** for days off in town. Only shirts that cover the shoulder, back, and waist and shorts/skirts/pants that cover the knees are permitted. **NO TANK TOPS, LEGGINGS, OR ATHLETIC PANTS OUTSIDE THE CENTER.**
- **Pajamas** appropriate for shared spaces.
- **Sun hat and sunglasses** Hat should have a brim.
- **Bandana or Scarf** for the dust.
- **Hiking boots** with thick soles to protect from thorns.
- **Sneakers**
- **Sandals** with heel straps.
- **Flip-flops or crocs** for around the center or showering.
- **One set of sheets, pillow, and a pillowcase** Standard twin size. A mosquito net is provided.
- **Sleeping bag** rated for 50°F.
- **Sleeping pad** for camping trips. Foam or inflatable. If inflatable, also bring duct tape to repair it.
- **Towels** 2 large towels and 1 face/hand towel. Quick dry towels are best!
- **Toiletries and Laundry detergent** Basic items can be purchased in town but bring enough for at least a week. Preferably biodegradable.
- **Masks and COVID tests** Bring enough masks to last the duration of the program and home rapid tests.
- **Record of immunizations and Health history**
- **Personal first-aid kit** including Anti-itch creams, Neosporin, Bactracin, TYLENOL, IBUPROFEN, Pepto BISMOL, Band-Aids, Tape, Tweezers, Nail clippers, Antihistamines, Pro-biotics, Antidiarrheals, Vitamin C, Cold medicines, Hydration salts, etc.
- **Prescriptions** Overseas prescriptions are not always accepted. Bring adequate supplies of prescription medications to last the duration of the program alongside doctors’ prescriptions to avoid customs delays. Think about inhalers, allergy medication, contacts/glasses, etc.
- **Motion sickness medication/ Dramamine/ Ginger chews**
- **Period care** Students can purchase pads in town, but tampons are not common. We encourage menstrual cups or environmentally friendly, biodegradable options.
- **Flash drives and/or External hard drive** At least 4 GB recommended.
- **Computer** that can open Microsoft Office documents offline and has a USB port.
- **Surge protector and Plug adaptors**
- **Binoculars** Preferably 8 x 40 but anything in the 6 x 30 to 10 x 40 range is fine.
- **Headlamp or flashlight** Rechargeable recommended.
- **Collapsible chair/camp stool** with 3 or 4 legs
- **Gardening Gloves (semester only)**
- **Waterproof Gloves (semester only)** up to knee
- **Day pack** Small backpack suitable for taking gear into the field. 15-30L recommended.
- **Notebooks and Pens/Pencils** Can buy locally.
- **Student ID**
- **Water bottles** 2 bottles with 1L capacity each. Alumni recommend insulated bottles!
- **Insect Repellant** 1+ bottles.
- **Sunscreen** 1+ bottles.
- **Tupperware, silverware, and Travel mugs** for packing lunches. 2+ Tupperware are recommended.
Recommended Packing

- **Purse/tote bag** for town.
- **Small clothing repair kit**
- **Laundry bag**
- **Swimsuit**
- **Pocketknife** Checked luggage only.
- **Clipboard**
- **Hammock**
- **Earplugs and Eye mask**
- **Baby wipes and Hand sanitizer**
- **Journal**
- **Games, Game Consoles, Movies, Books, and Crafts**

- **Snacks, Drink powders, and Dietary supplements**
  Any favorites.
- **Camera**
- **Voltage converter** if needed for electronics.
- **Headphones and/or Bluetooth speaker** Noise canceling recommended.
- **Waterproof cases for electronics and silicone packets** (or some water-absorbing equivalent).
- **Extra batteries and External battery packs**
- **Wristwatch** Preferably water-resistant.
- **Items to donate to the community** School supplies, books, watches, water bottles, pens, sunglasses, clothing, and sports equipment.
